Grand Rapids, MI 49504

Subject: Notification per PRN 98-10 – Notification to update company name, emergency information and add optional marketing language
Product Name: GRANULAR
EPA Registration Number: 45458-20005
Application Date: January 17, 2018
Decision Number: 538025

Dear Mr. Drudy:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Melanie Bolden at (703) 347-0165 or via email at Bolden.Melanie@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda G. Fuller, for".

Demson Fuller, Product Manager 32
Regulatory Management Branch II
Antimicrobials Division (7510P)
Office of Pesticide Programs

KEEP OUT OF REACH OF CHILDREN

DANGER

Contamination or improper use may cause fire or explosion. Add only into water.
See additional Precautionary Statements on side panel.

FIRST AID

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

All text in brackets [XX] is optional and may or may not appear on a final label.
All text in braces {XX} is administrative and will not appear on a final label.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

[For emergency information contact CHEMTREC at 1-800-424-9300.]

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

This product is a concentrated chlorinating agent. It is in a dry, free-flowing form. It controls algae, kills bacteria and destroys organic contaminants in pools.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: HIGHLY CORROSIVE: Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Do not handle with bare hands. Wear goggles or face shield. Use rubber gloves. Use only utensils which are thoroughly clean and dry. Irritating to nose and throat. Avoid breathing dust and fumes. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS: DANGER. Strong oxidizing agent. Add only into water. Contamination may cause a chemical reaction. This reaction can give off heat, hazardous gases, and may cause a fire or explosion. Do not touch this chemical with a flame or burning material (like a lighted cigarette). Keep all these away from this product: moisture, garbage, dirt, chemicals (including other pool chemicals), pool chlorinating compounds, household products, cyanuric acid pool stabilizers, soap products, paint products, solvents, acids, vinegar, oils, pine oil, dirty rags, or any other foreign matter.

{Environmental hazard statement for end-use products in containers less than 50 pounds for recreational water use only}

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

All text in brackets [XX] is optional and may or may not appear on a final label.
All text in braces {XX} is administrative and will not appear on a final label.

[DETERMINE POOL CAPACITY:

To establish Pool Capacity follow this simple procedure:

Square or Rectangular Pools: Multiply length (ft) X width (ft.) X avg. depth (ft.) x 7.5

Oval Pools: Multiply long diameter (ft.) X short diameter (ft.) x 5.9

Round Pools: Multiply diameter (ft.) X diameter (ft.) x 5.9]

{The following directions are for use in recreational products. One or more use patterns may appear on a single end use label}

{Directions for use}

HOW TO USE:

[1.] [●] Add the recommended dosages of this product during evening hours while the filter pump is running.

[2.] [●] When adding this product to your pool, broadcast the product evenly over a wide area in the deepest part of the pool.

{Directions to be used for shock treatment}

SHOCK TREATMENT:

[1.] [●] Adjust and maintain pH to 7.2-7.6 with pH Plus or pH Minus. Follow label instructions on that product.

[2.] [●] Add 1 lb. (16 oz.) of this product per 10,000 gallons of pool water. This will provide a dosage of 7.5 parts per million (ppm) free available chlorine.

[3.] [●] Follow "How to Use" directions on this package.

[4.] [●] Do not enter pool until the free available chlorine residual is 1- 3 ppm.

{Directions to be used for opening your pool}

OPENING YOUR POOL: Maintain pH in the 7.2-7.6 range.

[1.] [●] Follow "Shock Treatment" directions on this package.

[2.] [●] Allow 30 minutes for product to disperse.

[3.] [●] Test chlorine residual with a pool test kit. Do not enter pool until the free available chlorine residual is 1- 3 ppm.

[4.] [●] Repeat treatment as needed.

{Directions to be used for routine chlorination}

ROUTINE CHLORINATION: Throughout the pool season, adjust the pH to 7.2 to 7.8.

[1.] [●] For Unstabilized Pools: Add 6-8 ounces of this product per 10,000 gallons of pool water daily or as often as needed to maintain the free available chlorine residual at 1- 3 ppm. Follow the "How to Use" directions on this package.

[2.] [●] For Stabilized Pools: Add 3-4 ounces of this product per 10,000 gallons of pool water daily or as often as needed to maintain the free available chlorine residual at 1- 3 ppm. Follow the "How to Use" directions on this package.

{Directions to be used for preventative treatment}

PREVENTATIVE TREATMENT: Shock treat your pool weekly to prevent problems.

An additional shock treatment may correct problems which are caused by:

All text in brackets [XX] is optional and may or may not appear on a final label.
All text in braces {XX} is administrative and will not appear on a final label.

- [1.] [●] High bathing loads
 - [2.] [●] Heavy winds and rainstorms.
- Additional shock treatments will also remove:
- [1.] [●] Unpleasant odors
 - [2.] [●] Algae which has a green color and a slimy feeling.

{For nonrefillable containers}

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well ventilated area. Keep away from heat or flame.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

EMERGENCY HANDLING:

In case of contamination or decomposition:

- [1.][●] Do not reseal container.
- [2.][●] If possible, isolate container in open and well ventilated area.
- [3.][●] Flood with large amounts of water.
- [4.][●] Dispose of contaminated material in an approved landfill area.
